

Nikky Holton

Children's Advocacy Center Intake Coordinator

Nikky@linkforfamilies.org

I am a Michigan native and recently moved back to the mitten from Colorado. I graduated from Central Michigan University with a Bachelor's Degree in Healthcare Administration in 2011 and am currently working on a Master's Degree in Social Work. As the Intake Coordinator, I am responsible for data management, coordinating forensic interviews, and am excitedly working on a new grant to enhance our community's response to the opioid crisis. I love yoga and spending time with my family outdoors hiking, camping, and pretending to be astronomers!
